Huaka'i Highlights

OCTOBER 2026

Season 4: Just Getting Started

Young Adults bringing their faith into action as they do maintenance clean up at the King Street Catholic Cemetery.

WALKING WITH MARY AND THE SAINTS

The theme for Season 4 of The Huaka'i Project is **Walking with Mary and the Saints**, and our small groups have journey with Mary and the Saints through prayers and meaningful conversations.

Small Group Hosts Katy and Dalton Compton meet on Tuesday evenings at the EPIC Community House in Kaneohe. They share a family meal at a round table before their session starts.

Their group did groundskeeping and site clean up at the King Street Catholic Cemetary by trimming grass, weed and debris removal, and monument and headstone care.

"We have our friends in heaven helping us in community with each other grow community here on earth. It is a nice reminder for us that all the saints were regular people and answered God's call, and that's all we have to do."

-Comptons

HUAKA'I HIGHLIGHTS

SMALL ACTS OF KINDNESS CAN HAVE BIG IMPACTS — ESPECIALLY AFTER A STORM

Small groups on the island of Kauai and Big Island.

In the month of September, our islands were hit by two hurricanes - Lowell and Nolo - but that did not stop our small groups in making an impact in their communities. Ethelyn's group on Kauai partnered with Friends of Kamalani to helping clear a fallen mango tree at the Immaculate Conception Church Convent.

Marian's group on the Big Island partnered with Sacred Hearts in Pahoa by doing maintenance clean up at their cemetery.

Their faith in action is their love for their community.

"Our faith was put into action. Hearts ready to serve." *- Ethelyn*
